This new build complex is nestled in the heart of Montalbert village and has underground parking included in the price. When skiing, it is only 50m from the newly installed telecabine lift that takes skiers towards the Plagne ski area. After a great day's skiing, the complex is ideally situated, surrounded by the local restaurants and bars. Enjoy a bite of excellent and traditional French Alpine cuisine, or wind down with locally sourced, or national drinks and, afterwards, head less than 5 minutes walk back to your warm apartment.

THE AREA

Montalbert is an absolute gem of a resort. Peaceful and quiet, reasonably priced and yet, connected to one of the largest ski resorts in the world. After just two lifts, you can be skiing into Plagne Centre with the entirety of the Paradiski region at your fingertips. Located at the base of beautiful winding forest runs, Montalbert has all the conveniences you would expect from a small village. Local shops, restaurants and ski-hire, as well as a few places to enjoy some apres-ski as well. Opposite the slopes, the views down into the valley are spectacular and view-able from most of Montalbert's few residences. It is a truly spectacular place to enjoy world-class skiing without the purpose-built, and crowded, features of most ski resorts.
